

EARLY BIRD ENDS FRIDAY 28TH MARCH 2014

Book now so you get your first preference for site visits and workshops and save on registration. Register on <https://www.secureregistrations.com/CEFPI2014/>

The Program of speakers and site visits is extensive so there is something for everyone. Be sure to include the Fringe as it will be a really interesting event.

Another reason to book early is the number of other events in Adelaide in May 2014. The AFL football season will be under way with a match at the Adelaide Oval on Saturday night and VeloCity, an international conference on cycling is being held in the same week. This may put pressure on flights available and accommodation – so book early to secure your place.

Winners! Congratulations to early birds Mark Chin (Singapore) Ruth Butler (Qld) and Lois Hawthorne (NZ). Collect a small prize at the conference.

Adelaide is a “Recycle City” – so we will be recycling bags, bottles, books, paper and food. If you have CEFPI bags from previous conferences, bring them along for re-use. New and pre-loved books will be on sale at bargain prices, and AusHarvest collects and redistributes surplus food to those in need. REPLAS recycles plastic bags to create durable furniture for schools and public places.

Do you know the name and location of this place in Adelaide?

The SA Conference Team
