

# ONE DAY CONFERENCE

Hosted by  
Learning Environments New Zealand

Come join us for a day of talks and site visits, with our MC Derek Weymouth, to showcase the best of what contemporary learning spaces can offer.

This year's event begins with our Keynote speaker entrepreneur **Charles Ma** who will discuss the importance of building diverse communities among other thought-provoking topics.

The day will continue with a series of mini-talks by industry experts in education, design and research. Each talk is designed to provoke and stimulate thinking around cultural influences, school wide learning culture, climate change, collaborative pedagogy and the ways in which we involve tamariki in the design process. In addition to our speakers we also have site visits – an opportunity to explore some of Wellington's newest, unique and contemporary learning spaces.

The day will conclude with Bookend speaker Principal and disrupter in education, **Nicola Ngarewa**.

There are limited spaces for this one day event, so get in quick.

**FRIDAY  
24<sup>th</sup> SEPTEMBER  
2021  
WELLINGTON**

**Wellington East Girls' College  
9.15am – 5.00pm**
