NZ							6	12
Other	10	14	15	15	22	16	13	12

Individual members	268
Corporate members	271
Student members	7

At last year's AGM I reported that we were suffering from government restructuring and as a result a number of our Chapters had lost longstanding members. Six months on, and membership has bounced back and in fact increased in all Chapters (except Singapore) which has been in a state of holding while they finalise governance.

NSW Chapter now has 12 ACT members, and Tasmania 7 members and we anticipate New Zealand will have a surge of new members following the conference.

Annual membership renewal will go out following the conference.
